TELEPHONE & WEB RESOURCE	2	MAP SERVICE CENTER	8	HAWAII	29
INSURANCE INFORMATION	3	<i>—PRODUCTS; ORDER FORM</i>		NATIVE AMERICAN PACIFIC TERRITORIES	
FUTURE FLOOD MAPS	11	ARIZONA	12	NEVADA	30

KEY TO COLUMN HEADINGS

Community (CRS) The actual location of the building determines whether you refer to a City or unincorporated County listing. The number in parentheses refers to the *Community Rating System (CRS)* class for communities in CRS.

Comm. No. Number unique to each community. Use to place coverage/order maps.

FIRM Index Date Most recent *MAP INDEX* printed. Refer to the *MAP INDEX* to determine the most recent map panel. *FIRM*—Flood Insurance Rate Map

—**NSFHA** Not in the *Special Flood Hazard Area*.

—**NSFHA/B, NSFHA/C, NSFHA/X** Not in the *Special Flood Hazard Area*. The entire community is in Zone B, Zone C or Zone X. Use B/C/X rates.

—**NSFHA/D** No map panels are printed. Unstudied areas where flood hazards are undetermined, but flooding is possible. Use Zone D rates.

—**NSFHA/LOMR** Map panels are printed. A significant Letter of Map Revision (LOMR) has been issued removing the *entire* community from the *Special Flood Hazard Area (SFHA)*. Check with the community for a copy of the LOMR.

—**See Co Map** No separate panels are printed for this community. See County's *MAP INDEX* to identify specific County panels covering this community.

—**CW County Wide Mapping**—There is only one *MAP INDEX* and grid system for the entire county, including all cities. See County *MAP INDEX* for

location & latest panel information.

Pre-/Post- FIRM Date Compare the date in this column to a building's construction date for "Pre-FIRM/ Post-FIRM" determination. **The date in this column represents** either: the *first Flood Insurance Rate Map for the community*; the *first FIRM for the county* (if the community incorporated after the county joined the Regular Program of the NFIP); or *the date the community was determined to be a No Special Flood Hazard Area (NSFHA) community*.

Regular Program Entry Date The date the community entered the *Regular Program*. If the entry reads **EP**—Emergency Program, see the limits on insurance available & how to rate.

—**New** Newly incorporated city. City is covered under the county ordinance.

—**Not in the NFIP** Flood insurance is not available.

—**Sanctioned Or S (date)** A *FIRM* map has been published showing *Special Flood Hazard Areas*, but the community has not joined the *National Flood Insurance Program (NFIP)*. Flood insurance is not available. (Date on which sanctions apply is in parentheses.)

—**Suspended** The community has been removed from the *National Flood Insurance Program (NFIP)* for failure to meet development standards or its floodplain ordinance is not compliant. Flood insurance is not available.

Community Map Repository/Telephone

Community dept. (and phone number) where the flood maps are kept.

IMPORTANT NFIP GENERAL RULES

NOTE: This is a short extract. See the NFIP Flood Insurance Manual at <http://www.fema.gov/nfip/manual.htm> for all rules.

- 1. PARTICIPATING (Eligible) COMMUNITIES:** Flood Insurance may be written only in those communities that have been designated as participating in the NFIP by the Federal Emergency Management Agency's (FEMA) Federal Insurance Administration (FIA).
- 2. EMERGENCY PROGRAM:** The Emergency Program is the initial phase of a community's participation in the NFIP. Limited amounts of coverage are available.
- 3. REGULAR PROGRAM:** A community enters the Regular Program when the detailed flood risk study has been completed or waived, and the community adopts floodplain management ordinances in conjunction with a Flood Insurance Rate Map (FIRM) being issued. Increased amounts of coverage are available.
- 4. PROBATION:** Probation, imposed by the FEMA Regional Director, occurs as a result of noncompliance with NFIP floodplain management criteria. A community is placed on probation for 1 year (may be extended) during which time a \$50 surcharge is applied to all NFIP policies, including the Preferred Risk Policy, issued on or after the Probation Surcharge effective date. Probation is terminated if deficiencies are corrected. However, if a community does not take remedial or corrective measures while on probation, it can be suspended.
- 5. SUSPENSION:** Flood insurance may not be sold or renewed in communities which are suspended from the NFIP. When a community is suspended, coverage remains in effect until expiration. These policies cannot be renewed. Coverage on 3-year policies remains in effect until the next anniversary date.
- 6. NON-PARTICIPATING (Ineligible) COMMUNITIES:** A community is notified that it has flood prone areas when FIA

publishes a map showing the areas subject to severe flooding. The community then has one year in which to join the program. If the community chooses not to participate, flood insurance is not available.

- 7. SEPARATE POLICY:** Only one dwelling building or unit, specifically described by the insured in the application, may be insured under this policy, unless application to cover more than one dwelling building or unit is made on a form or in a format approved for that purpose by the Federal Insurance Administration.
- 8. SINGLE BUILDING:** To qualify as a single building structure and be subject to the single building limits of coverage, a building must be separate from other buildings by intervening clear space or solid, vertical, load-bearing division walls.

A building separated into divisions by solid, vertical, load-bearing walls from its lowest level to its highest ceiling may have each division insured as a separate building.
- 9. ELIGIBLE BUILDING:** Insurance may be written only on buildings that are walled and roofed with two or more rigid exterior walls in place. Buildings must resist floatation, collapse, and lateral movement. At least 51 percent of the actual cash value of the buildings, including machinery and equipment, which are a part of the building, must be above ground level.
- 10. APPURTENANT STRUCTURES:** Under the Dwelling Form, coverage will extend only to detached garages that service the insured dwelling described in the policy and which are located on the described premises. Ten percent of the total building coverage limits applies to appurtenant structures and is not

IMPORTANT NFIP GENERAL RULES (CONTINUED)

NOTE: This is a short extract. See the NFIP Flood Insurance Manual at <http://www.fema.gov/nfip/manual.htm> for all rules.

an additional amount of insurance.

11. EFFECTIVE DATE AND WAITING PERIOD:

There is a standard 30-day waiting period for new applications and for endorsements to increase coverage.

Exceptions are:

- **New policy in connection with making, increasing, renewing or extending a loan** - The effective date is the date of loan closing provided that the policy is applied for and the presentation of premium is made at or prior to the loan closing.
- **New policy (when the initial purchase of flood insurance is in connection with the revision or updating of a Flood Hazard Boundary Map or Flood Insurance Rate Map)** - The effective date of a new policy shall be 12:01 a.m., local time, following the day after the application date and the presentation of premium.

12. ASSIGNMENT: A property owner's flood insurance building policy may be assigned in writing to a purchaser of the insured property upon transfer of title without the written consent of the NFIP.

13. POLICY EXPIRATION DATE: means the ending of the insurance coverage provided by this policy on the expiration date shown on the declaration page. Each policy contract expires at 12:01 AM on the last day of the policy term.

14. BUILDING IN MORE THAN ONE ZONE: Buildings located in more than one zone must be rated using the more hazardous zone.

15. RESIDENTIAL CONDOMINIUM BUILDING ASSOCIATION POLICY: An association-purchased policy providing coverage for:

- A Condominium building,
- Individually owned building units within the building,
- Improvements within unit,
- Additions & extensions attached or connected by a common wall,
- Fixtures, machinery and equipment within building
- Materials & supplies used in repairing or altering the building, and
- Contents owned by the association.

To qualify for coverage under the Residential Condominium Building Association Policy (RCBAP), a building:

- Must be in a community in the Regular Program,
- Is a residential condo building with one or more residential units, with at least 75% of the floor area designated residential,
- May be a townhouse, rowhouse, low-rise, high-rise or single family condominium building.

AMOUNT OF INSURANCE AVAILABLE

	EMERGENCY PROGRAM	REGULAR PROGRAM		
		Basic Insurance Limits	Additional Insurance Limits	Total Insurance Limits
BUILDING COVERAGE				
Single Family Dwelling	\$ 35,000*	\$ 50,000	\$200,000	\$250,000
2 – 4 Family Dwelling	\$ 35,000*	\$ 50,000	\$200,000	\$250,000
Other Residential	\$100,000**	\$150,000	\$100,000	\$250,000
Non-Residential	\$100,000**	\$150,000	\$350,000	\$500,000
CONTENTS COVERAGE				
Residential	\$ 10,000	\$ 20,000	\$ 80,000	\$100,000
Non-Residential	\$100,000	\$130,000	\$370,000	\$500,000

* In Alaska, Guam, Hawaii, and U.S. Virgin Islands, the amount available is \$ 50,000.

** In Alaska, Guam, Hawaii, and U.S. Virgin Islands, the amount available is \$ 150,000.

- **Single Family Limits** apply to detached homes, townhouses, mobile homes, manufactured homes, single family condominium units, and is the maximum available per unit under the Condominium Master Policy (CMP).
- **APPURTENANT PRIVATE BUILDING EXTENSIONS:** Under the dwelling form (1-4 families only), coverage (up to 10% of the amount of insurance purchased) will extend and be limited only to detached building garages that service the insured dwelling described in the policy and which are located on the described premises.
- The **RESIDENTIAL CONDOMINIUM BUILDING ASSOCIATION POLICY (RCBAP)** is a policy designed to insure, under one master policy, the entire residential condominium building, including all units within the building. It is available only to residential condominium associations. The maximum amount of building coverage that can be purchased is the **ACTUAL CASH VALUE OF THE BUILDING OR THE TOTAL** (residential plus non-residential) **NUMBER OF UNITS IN THE BUILDING TIMES \$250,000, WHICHEVER IS LESS.** Only one building per policy is allowed.

OCCUPANCY TYPE – GENERAL RULES

When a mixture of commercial and residential, building units exist within a building, the following procedure should be used to determine the appropriate **OCCUPANCY** classification:

1. SINGLE-FAMILY DWELLINGS

A residential single family dwelling is permitted incidental office, professional private school, or studio occupancies, including a small service operation (fewer than three workers) if such incidental occupancies are limited to less than 50 percent of the building's total floor area.

2. TWO - FOUR FAMILY DWELLING

A residential building, excluding hotels and motels, with normal room rentals for less than six months duration and containing no more than four dwelling units, is permitted incidental occupancies such as office, professional, private school, or studio space if the total area of such occupancy is limited to less than 25 percent of the total floor area within the building. One commercial occupancy, not exceeding 1,200 square feet, is also permitted and may be in addition to the permitted incidental occupancy.

3. OTHER RESIDENTIAL

A residential building, excluding hotels and motels, with normal room rentals for less than six months duration and containing more than four dwelling units, is permitted incidental office, professional, private schools, or studio occupancies, provided that the total area of such occupancies is limited to less than 25 percent of the total flood area within the building.

4. NON-RESIDENTIAL BUILDING

A non-residential building includes, but is not limited to: small business concerns, churches, schools, nursing homes, farm building (including grain bins and silos) government buildings, mercantile structures, industrial plants, and warehouses.

NOTE: "SMALL BUSINESS" is defined as follows - A business, together with its affiliates that does not have a net worth in excess of \$6 million and does not have an average net income after federal income taxes (excluding any carryover losses) for the preceding two years in excess of \$2 million.

Order and Cost

Order On-Line

The FEMA Flood Map Store is now open for **ALL** customers! Please click on the link <http://store.msc.fema.gov> to enter The FEMA Flood Map Store. Persons requiring assistance can still call MSC Customer Service at 1-800-358-9616.

Fee exempt customers may order as well. To do so, Exempt Customers are required to register first and include their MSC Customer ID number in the space provided. Their account will be verified against MSC account numbers and if a match is found their on-line account will be activated within 24 hours. Once their account is activated, on-line purchases will be exempt from fees.

Order by Fax

To order by fax, complete the new order form (with new product pricing) on pages 9 and 10 and mail it to:
Fax: (800) 358-9620

Order by Phone

To order by phone, call the Map Service Center toll free Monday through Friday from 5:00 a.m. to 5:00 p.m. (Pacific Time) at:

Telephone: (800) 358-9616

Order by Mail

To order by mail, complete the new order form (with new product pricing) on pages 9 and 10 and mail it to:
**Map Service Center
P.O. Box 1038
Jessup, MD 20794-1038**

Special Instructions for Digital Q3 Flood Data

Digital Q3 Flood Data. Digital Q3 Flood Data is available on CD-ROM for more than 1,250 counties. You can order the CD-ROMs by calling the Map Service Center or online through the FEMA Flood Map Store. Those counties with available Q3 data for a state are on a single CD-ROM with the exception of a few states that require two CD-ROMs. Also, more than one state may be on a CD-ROM where a single state does not require a whole CD-ROM. Each CD-ROM is \$50. To find which communities are available check the [Availability Listing of Q3 Counties](#) (www.msc.fema.gov/states.shtml). To find out which CDs are associated with a given state check the [Availability Listing of CDs by state](#) (www.msc.fema.gov/datafls/cdlist.shtml).

Last Updated: Friday, 28-May-2004 12:03:27 EDT

Products

To order products by phone or fax, call the Map Service Center toll free Monday through Friday from 8:00 a.m. to 8:00 p.m. (EST)

Tel: (800) 358-9616
Fax: (800) 358-9620

The new order form is available with the new product pricing (on pages 9-10). Additional information on the Map Service Center is available on their website at www.msc.fema.gov/index.shtml.

- **Flood Insurance Rate Maps (FIRM)** The map issued by FEMA that identifies areas of 100 year flood hazard in a community based on detailed or approximate analyses. These maps include actuarial insurance rate zones.
- **Digital Flood Insurance Rate Maps (DFIRM)** The digital Flood Insurance rate map is comprised of all digital data required to create a hard copy FIRM. This includes base map information, graphics, text, shading, and other geographic and graphic data required to make a FIRM.
- **Digital Q3** Digital Q3 Flood Data are developed by scanning the existing FIRM hardcopy, vectorizing a thematic overlay of flood risks. Vector Q3 Flood Data files contain only certain features from the existing FIRM hardcopy.
- **Coastal Barrier Resource Area (CBRA) Q3** Coastal barriers are unique landforms that provide protection for diverse aquatic habitats and serve as the mainland's first line of defense against the impacts of coastal storms and erosion.
- **Flood Map Status Information Services (FMSIS)** This service provides map status information for currently effective maps including community name and number, county name, panels printed for a community, effective date for each panel, first and last FHBH date, and first and last FIRM date.
- **Flood Insurance Studies (FIS)** A narrative report of the community's flood hazards that gives prior flooding information; identifies flood sources, and gives a graphic description of the flood sources. An FIS consists of text, graphic flood profiles, and floodway maps.
- **Community Status Book (CSB)** The community Status Book is a report generated by the Community Information System, which lists all communities participating in the National Flood Insurance Program or for which flood maps are effective. CSB includes status of communities, non-participating communities with maps, effective dates of the current map index, and community numbers. The Community Status Book is available on the Internet at <http://www.fema.gov/fema/csb.shtml> or simply follow the link provided in header of this paragraph or on the side bar.
- **Letters of Map Change (LOMC)** This is a letter issued in response to a request of FEMA to revise or amend its effective flood map to remove a property or reflect changed flooding conditions on the effective map.
- **NFIP Insurance Manual** The NFIP Bureau & Statistical Agent, a servicing contractor for the NFIP, maintains a Flood Insurance Manual for agents.
